

Health & Safety Advisory Service

Your trusted partner in health and safety support

Hoople Schools Health and Safety service provides competent and professional advice and guidance to schools on health and safety matters.

With our specialist knowledge and focus on best practice, we support schools to remain compliant with their health and safety responsibilities.

Our Health and Safety Advisors are dedicated to taking reasonable approaches to enable schools to manage health and safety effectively.

The SLA delivers this with features such as:

Access to experienced Health & Safety Advisors

Support with monitoring and reviewing processes through site visits and documentation checks

Legislative updates

Access to guidance and policy documents

Option for additional support as required
